

ADInstruments in Education Workshop Series for Instructors

LabTutor & LabAuthor Fundamentals

Tuesday, July 20 - Wednesday, July 21, 2010

State University of New York

Stony Brook, NY

ADInstruments Inc. is excited to sponsor this first-of-its-kind hands-on course instructor development workshop with host Stony Brook University. For educators of all levels seeking strategy on the latest browser-based student laboratory methods, this intensive two-day course condenses all the need-to-know skills and information into a sensible plan you can apply to any student laboratory setting.

- Step-by-step how-to sessions with special guest presenters.
- Hands on experimentation with focus on proven college-level human and animal student coursework.
- Group size is limited to 20 attendees to allow for plenty of one-on-one interaction.
- Network with educators and discover what works and what doesn't in the ever-changing discipline of science instruction.

Targeted training will help you unlock the full potential of your equipment and instruction. Develop new laboratory skills alongside like-minded peers in a comfortable and supportive environment.

ADInstruments in Education Workshop Series for Instructors

Agenda:

Day One: LabTutor 4

AM Session - Human Applications

- Introduction to LabTutor 4
- Human experiments with LabTutor 4

Lunch

PM Session - Animal Applications

- Animal Experiments with LabTutor 4
- Self-directed experiments with LabTutor featuring Stony Brook's capstone experiment and ADInstruments Problem Based Labs.

Day Two:

AM Session

- Introduction to LabTutor 4 Administration and Course Management
- Implementation of LabTutor Online
- Intro to LabAuthor

Lunch

PM Session

- LabAuthor: Create your own experiment from scratch
- Attendees will bring their ideas and electronic media to create a LabTutor experiment.

*Bring your favorite experiment to adapt to use the latest version of LabTutor. Even if it is just a modification to an existing ADInstruments experiment; we want your students to have the best possible learning experience. ADInstruments experts will assist you with LabAuthor for your LabTutor experiment. Bring an electronic copy of your protocol (word, rtf, etc.), multi-media (movies, power point, graphics, etc.) and leave with a ready to use experiment for your course!

Payment and Cancellation

Advanced payment in full is required to reserve your space at this event. Enrollment is limited to 9 attendees, so early registration is advised. Attendee lists will be filled on a first-come, first-serve basis in the order that payment is received. **Workshop registration is not official until you have received an ADInstruments' invoice confirming your registration. Please do not make travel plans until you have received an enrollment confirmation from ADInstruments.**

Deadline for registration is 14 days prior to the event. Cancellations must be received no later than 14 days prior to the event to receive a 50% refund of the registration fee. No refunds will be issued if cancellation is received less than 14 days prior to the event. ADInstruments reserves the right to cancel this workshop at any time.
